TAHOE HOCKEY ACADEMY WELCOMES STAHA TO ADVISORY BOARD

South Lake Tahoe, CA - August 10, 2017

The Tahoe Hockey Academy, California's only full time, residential boarding school dedicated to the sport of ice hockey is entering its second academic/athletic year. As our Academy grows we felt it was vital to partner with STAHA (South Tahoe Amateur Hockey Association) to grow and promote the game on a local, regional and national scale.

It is with great pleasure that our Board of Directors welcome both Donovan and Rani Calderon to our Advisory Board. Donovan serves as President of STAHA and Rani serves as the Vice President of Recreation. It is our hope that with the inclusion of these two individuals we'll provide a wider scope of ideas, opportunity and development for all youth hockey players in and around the South Lake Tahoe area.

The Tahoe Hockey Academy looks forward to a long and fruitful relationship between THA and STAHA as we forge new ways to attract, retain and promote ice hockey locally.
